The California Charter Schools Association has a "parent" group, called the CHARTER Nation. This group of parents stay informed and active regarding legislation and issues that impact and effect our "charter nation". We feel as parents that have made the choice to place your children in a charter school, it is important that you be informed on issues that could change the status of our choice in being a charter school. So, in order to allow you the greatest access to this opportunity of information, our PTLC is joining with Charter Nation so that we can keep you informed. **However, this requires you to do something to get the information.** Please see the attached notices from CCSA and the Charter Nation. This is completely a voluntary ask. We will not give your information out. However, if you choose to give your information to our PTLC they will in turn connect with Charter Nation so that they can keep you informed. This is a good thing and one the administration of LFCS supports. Thanks for taking an interest in the education of your children! It's important that you stay informed on matters effecting your student's education and well being.
